## "The South 40"
by JAMES A. SMITH
EXTENSION AGENT

We are conducting some test demonstrations with several pesticides on a number of insects at various locations in the county. Here's one of particular interest.

On July 14 we treated a group of sows with each receiving 4 ounces of 1% Co-Ral. Seven days later the sows were examined and they were clean – no lice. All sows were infected initially, some had a count of more than 20 lice.

Fall Feeder Calf and Yearling Sale dates have been set. Nomination forms are available from this office.

The Yearling Sale is for 500 to 1000 pound steers–no vaccination forms are available from this office.

The Yearling Sale is for 500 nation or herd test required. Nomination to be made by August 15. Sale will be Thursday, September 9.

Two calf sales are scheduled – the first on September 30 and the second on October 21.

Something new is being offered this year in the first sale. All calves will come from a bull of known performance or mature weight. There's no minimum requirement for this year. This will be the first ROP Feeder Sale in the State and probably the first in the Nation.

If you need help in qualifying your bull – we'll be glad to help.

We've seen a lot of corn blight this week. It's showing up in "T" and Blend varieties. In some cases it is severe.

At this stage of corn development, the alternative to losing the crop is to put it up as silage. Don't get hasty about cutting the corn – there's a lot of water in the stalk and ear. Wait until the leaves show 50% or more browning.

* * *

Tomato blight is showing up on more and more plants. Maneb does an acceptable job. The biggest problem with it is that it needs to go on after every rain and certainly every 5 to 7 days.

There's another material that sticks much better and is probably the most effective fungicide for blight that we have. It's called difolatan.

It's a liquid, white, much like thick milk, but we've had some difficulty in finding it in small quantities. It's available in 5 gallon containers which is enough to treat an acre for the entire season.

Care should be exercised when using it as it can cause a rash on some people.

* * *

There's some interest in developing a graded feeder cattle market in Farmville.

A meeting of producers is being held at the Prince Edward Extension Office Monday, Aug. 2, at 8 p.m.

Interested cattle owners should attend.

* * *

As you might expect, we get all kind of questions. Our friend down at the Norfolk and Western Station stopped me on the street to find out how to make cabbage seed. He'd asked a number of good gardeners and no one knew and neither did I. A bit of research showed that cabbage are biennials. This is a group of plants that generally five for two years, forming flowers and seed the second year. Beets and carrots are other vegetables that are biennials.

## Music Academy Subject Of Aug. 5 Meeting

Dr. Robert C. Hailey, chairman of the Department of Dramatics at Lynchburg College and president of the Friends of the Academy of Music, Lynchburg, will speak in Appomattox on the evening of Thurs., Aug. 5 at 8 p.m., and will show his collection of slides illustrating the history of the Academy from its opening on Feb. 1, 1905, Meeting place: Memorial United Methodist Church.

The Academy of Music was approved for the Virginia Historic Landmarks Register in 1968 and was officially enrolled on that Register and on the National Register of Historic Places in 1969. Its architecture, interior decor, perfect acoustics, and unobstructed sight lines have been highly praised by the State Landmarks Commission.

An official statement from the Virginia Historic Landmarks Commission is, "The proposed preservation and restoration of the Lunchburg Academy of Music provides a unique opportunity for a Virginia city to institute a significant cultural landmark both for itself and for the State."

The Friends of the Academy emphasize its importance and value to the State. When restored, it will meet many cultural and practical needs. It is the only Virginia theatre on the State and National Registers.

The Historic Landmarks Commission, Richmond, has also stated that "... it should be stressed again that with the preservation of this theatre, Lynchburg would be possessor of one of Virginia's few remaining legitimate theatres built as such, and certainly one of the state's best theatres from an aesthetic and functional standpoint."

It has played a functional part in bringing to Lynchburg many of the finest artists of its time in theatre, music and dance. Lynchburg assets are also assets for its entire area. The neighboring towns and communities will profit by this restoration as much as Lynchburg itself.

The Friends of the Academy, organized in March, 1970, and granted Tax-Exempt Status a month later, are inviting the widest possible co-operation throughout the State for this enterprise of historic preservation.

### ARMY CONVOY

Officers and men of the 103rd Supply and Service Battalion from Richmond, Kentucky stopped at Mandy's Diner, for dinner. Also, units from the 103rd Headquarters Co., Richmond, Va. and 202rd Headquarters Co., Danville, Va.

These Reservists left Kentucky July 21 on their way to Camp Pickett and will return Aug. 5. They are in training at Camp Pickett, according to a report made by PFC. Charlie Bacon, of Lancaster, Kentucky.

## Off To The Orient

Five a.m. (Yep, that's what we said) – 5 A.M. an adventuresome, intrepid travelers set off Saturday for the Richmond airport and first leg of a 17-day trip to the Orient, including Tokyo, Mt. Fuji, Taipei, Hong Kong and Honolulu! Preparing to leave (above) are two of Miss Sue Cross, Concord; Mrs. Laura Thompson and Mary Pettyjohn.
